Notes:

Exact handicaps are required to aid the YIDU Furst & Junior Team Captains/Managers in their team selections.

Junior and Handicap League matches should fill in the "Str rcvd" column of the higher Handicap player with the strokes received by the player, i.e. the difference in the playing handicaps (maximum allowance handicap 24), plus course levelling shots (where Necessary) with strokes taken from the card of the receiving player.

The physically completed card can be sent to the relevant league secretary or a scanned / photograph by SMS / e-mail.
